Pharmacy Instructions

For assistance with claims processing, please contact the CorVel Pharmacy Department, **(800) 563-8438**. Please use the BIN, PCN, and RxGroup number below to process an online/electronic claim to CorVel.

BIN: 004336
PCN: ADV
RxGroup: RXFFWC9525768
Member ID: See below to generate ID

To generate member ID: The Injured Worker's 9-digit social security number plus 8-digit date of injury will be used as their 17-digit **member identification number** when processing their First Fill Prescription: **XXXXXXXXXXMMDDYYYY**.

Opioid Safety: What you need to know

Opioid misuse and abuse is a growing concern in our country. You may be taking (or have taken) a prescribed opioid such as oxycodone or hydrocodone to help relieve pain. Drugs like these are generally safe when taken exactly as directed for a limited period, but can become harmful—even fatal—if misused. It's important to be informed about the risks and benefits of opioid medication use should your doctor prescribe them to manage your pain.

Prescription opioids can help to manage short-term pain that may occur after a surgery or recent injury. But they may not work as well to manage chronic pain long-term. In addition, you're more likely to overdose or become addicted when using opioids for a long time. An overdose can cause serious health problems or even death. There may be other treatments available with less serious risks. Work with your doctor to find the safest, most appropriate ways to manage your condition.

addiction when opioids
are used long-term.¹

Safety tips to consider when you are prescribed opioid medication:

- Always take your medication exactly as instructed by your doctor.
- Never share your opioids with others.
- Avoid alcohol and certain medications that may interact with your opioids.
- Review your medication list with your doctor or pharmacist.
- Follow up regularly with your doctor.
- Store opioids in a secure place, ideally a locked location.
- Dispose of unused opioids properly. Check with your pharmacy regarding safe disposal methods.

Please note: Some insurance plans may allow opioid fills with a limited day supply. Please call **CorVel Pharmacy Solutions at 800-563-8438** with any questions regarding your plan.
